

We facilitate business partnerships and growth

We help you expand your business overseas

Are you targeting growth?

Your success in the market depends on many things, however one of the most critical is market penetration. You may have the best product or service, but if you cannot market and sell them effectively, you cannot succeed.

Companies today are no longer confined to their local markets. Many are targeting global markets for growth. But global markets can be difficult to penetrate. Adapting to language barriers, cultural differences and business customs can be overwhelming.

We have considerable experience in the Middle East market and can assist your company to create strong partnerships to ensure your success in this market.

What we do

Advantage Business Consultancy (ABC) is part of the network of GIBN, a business facilitation group with headquarters in Europe and offices in Dubai, United Kingdom, Portugal, Netherlands, France, Germany, Bulgaria, Poland, United States of America and Canada. In the United Kingdom GIBN-ABC partners with Aloysius Enterprise to introduce companies to the Middle Eastern market.

GIBN-ABC has been operating for several years working with large business groups in UAE, Qatar, Bahrain and the Kingdom of Saudi Arabia, and facilitating business partnerships with many types of companies from Europe, North America and Asia for the development of business in the Gulf Co-operation Council (GCC) countries.

We are based in Dubai and we understand the business practices in the Middle East. We can help you establish partnerships with the right business groups, identify distribution channels and assist you to market products in the Gulf region.

Our Strengths

We have a wide network in the countries we operate in. This includes governmental officials, investors, multinational consultancy firms, and powerful local sponsors who have close affinity to influential members of the ruling families in the region.

Our expert guidance has been instrumental in the closing of many business deals.
